## Hahn Poises Axe Over Travel Cost

Supervisor Kenneth Hahn has called for a cutback in county employees' travel after criticizing the number of requests coming before the Board of Supervisors.

Supervisors adopted Hahn's motion to cut the 1963-64 travel budget 30 percent.

Hahn said "Each week supervisors are asked to approve from 15 to 30 travel requests, mostly for employees to attend conferences and out-of-county meetings."

Hahn said a cutback will not amount to a tremendous savings, but the way our taxpayers are overburdened we must watch dollars as diligently as we watch millions.

## Bank's Opening Stardust Game Ends in 2 Ties

Winners of the Satellite Sweepstakes contest held during the opening of Bank of America's new Lomita-South Torrance branch building have been announced by Vincent A. Baucherio, branch manager.

Visitors during the first two weeks after the Feb. 11 opening were challenged to guess the number of simulated grains of stardust in a model satellite on display in the branch lobby. Those coming closest to the exact figure were winners. Prizes consisted of savings accounts at the branch.

Tying for top \$50 prize were Charles J. Levin of 1615 Lomita Blvd., Harbor City, and John Kowitz, 2706 Loftyview Dr., Torrance, both of whom missed the exact figure by only one.

In a deadlock for \$25 second place award were Maurice V. Richardson, 27 Shady Vista Rd., Rolling Hills Estates, and Carl Spurgeon, 2323 Evans Court, Lomita.

"Our congratulations to the winners of the contest. It was gratifying to see how enthusiastic the participants were and the fun they got out of entering," Baucherio said.

The new branch quarters are located at 25435 Crenshaw Blvd., in the Airport Plaza Shopping Center.

## Traffic Index Clues Judges To Violators

Fifteen of the 23 Municipal Court Districts in Los Angeles County are soon to be joined in a cooperative system of mutually-indexing traffic citations.

"The mutual indexing system makes possible quick notification of prior offenses for use by judges in determining penalties to be set upon traffic violators," said Supervisor Kenneth Hahn, chairman of the Courts Department on the Board of Supervisors.

Municipal Court Judge Joseph A. Sprankle, Jr., of Pasadena, a leader in the mutual indexing system, has informed Hahn that the eight districts which have not joined the program handled approximately 16 percent of the 1,260,000 traffic citations issued last year in the county.

The districts not yet in the system are Alhambra, Beverly Hills, Burbank, Culver City, East Los Angeles, Inglewood, Pomona and South Gate.

Judge Sprankle has, by letter, again asked the presiding judges of those districts to consider joining the County-wide mutual indexing system on a voluntary basis.

"Before this system was established," Hahn said, "a judge had no quick way of knowing how many violations a defendant had on a county-wide basis. He only had on record the past offenses within the jurisdiction involved, and the offender could have a previous record of violations in other sections of the county."

## AGE DISTRIBUTION

Based on the April 1, 1960 census, Torrance and the South Coast area is somewhat younger than Los Angeles County as a whole. The median age of residents is 29.9 years, compared with 31.3 for the county, and 30 for the state.
